## MANAGEMENT LETTER

To the Board of Trustees  
Reclamation District 2035  
Woodland, California

In planning and performing our audit of the financial statements of the Reclamation District 2035 (the District) as of and for the year ended June 30, 2022, in accordance with auditing standards generally accepted in the United States of America, we considered the District's internal control over financial reporting (internal control) as a basis for designing our auditing procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

However, during our audit we became aware of matters that are opportunities for improvement. This letter does not affect our report dated May 23, 2023 on the financial statements of the District.

### Grant Tracking

The District needs to ensure that grant revenue is accrued in the year the reimbursable expenses were incurred if grant agreement was approved as of the fiscal year end. While the District has improved in this area, we noted \$8,532 of reimbursable expenses incurred in fiscal year 2020/21 for which grant revenue was not accrued as of June 30, 2021.
