MID-SEASON DRAINAGE AND RE-FLOOD				\$10.00	Total Per Acre: \$10.00

\*These rates are also subject to an annual inflationary increase in the cost of service for a 12-month period, as measured by the US Department of Labor, Bureau of Labor Statistics, Consumer Price index for All Urban Consumers (CPI-U) All Items West (Series Id:CUUR0400SA0) for June through May of each respective year. The annual inflation increase will be limited to the lower of the actual cost of service increase, or the CPI increase, but the adjustment will never be less than zero. Notice of any adjustment pursuant to the annual inflation increase will be provided to customers not less than 30 days before the effective date of the adjustment through a bill notice or other mailing by the District. These future inflationary rate adjustments would become effective on January 1<sup>st</sup> of 2020, 2021, 2022, 2023, 2024, and 2025.

\*\*The district water master and general manager may determine actual quantities

\*\*\* Admin Fee does not apply to fallowed fields unless those fields are part of a crop rotation plan, or where crop insurance proceeds are received by tenant, or dry crops are farmed.
