FEMA

March 27, 2018

David Block  
Emergency Services Planner  
County of Yolo  
625 Court Street, Room 202  
Woodland, CA 95695

Dear Mr. Block:

The *Yolo County Operational Area Multi-Jurisdictional Hazard Mitigation Plan* has been amended to include Reclamation Districts 108, 900, and 2035. Each reclamation district must submit an adoption resolution to FEMA in order to be considered fully approved.

FEMA's approval of the *Yolo County Operational Area Multi-Jurisdictional Hazard Mitigation Plan* remains for a period of five years from the original approval date of December 10, 2013 for all approved participants. This plan amendment will not alter the approval date that had originally been established. An updated list of the current status of participating jurisdictions is enclosed with this letter.

Prior to December 10, 2018, Yolo County and all participating jurisdictions are required to review and revise the plan to reflect changes in development, progress in local mitigation efforts, and changes in priorities, and resubmit it for approval in order to continue to be eligible for mitigation project grant funding.

The continued approval of this plan ensures Yolo County's and all participating jurisdictions' continued eligibility for project grants under FEMA's Hazard Mitigation Assistance programs, including the Hazard Mitigation Grant Program, Pre-Disaster Mitigation Program, and Flood Mitigation Assistance Program. All requests for funding, however, will be evaluated individually according to the specific eligibility, and other requirements of the particular program under which applications are submitted.

If you have any questions regarding the planning or review processes, please contact Alison Kearns, Lead Community Planner, at (510) 627-7125 or by email at [alison.kearns@fema.dhs.gov](mailto:alison.kearns@fema.dhs.gov).

Sincerely,

  
Jeffrey D. Lusk  
Division Director  
Mitigation Division  
FEMA Region IX
